

Notice from the Executive Board

Swim/Dive League Control

- **As an Association we don't control, run or conduct business with individual leagues.**
- **The Association can make suggestion and/or recommendation to the general membership about leagues. These suggestions and/or recommendations can be followed if each league chooses to or not.**
- **The Association takes no responsibility how leagues are conducted. Any decision within the leagues comes from the leagues themselves. It is recommended that each league have a chairperson or league coordinator.**
- **As an Association each league conducts business in accordance of their individual league rules separate from the New Jersey Pool Managers Association. The Associations only responsibility is to the NJPMA Swim and Dive Championship, specifically.**
- **In order to swim/dive in the NJPMA championships you must follow our eligibility guidelines that are located on the back of our directory or on our web site at www.njpma.org. The eligibility guidelines are for the sole purpose to enter the NJPMA Swim/Dive Championship and not for the leagues.**
